

Sun. June 7

Dear Robert,

Just to keep the record straight that I function in reverse, I'm sending this short notation with the enclosed material that Mr. Scindlerhurst gave me a month ago and I was to give you, I am making haste to get it off, since she asked me last Monday night if I had given it to you. I have no idea whether it ties in with any records you have already traced, but it is yours.

You will probably see in the Wayne Independent that Mel Shorts suffered a heart attack and was in intensive care until yesterday. Grace called me today to tell me he was taken out of intensive care, (Grace Bayless Shorts) so I trust he is making progress.

I've learned that not only Billy Bartholomay, but also Billy Cooley was at the funeral last week. (Florence Curtis Cooley) The last time I saw Bill he had red hair, but it may be gray by this time.
